Suzanne and Eddie,

There is one ECEJ "task" reflected as overdue in this report (FOIA EPA-R8-2015-005509 re: "Summit spill"). The task is for Richard to assign additional tasks within ECEJ which has been done. The task is being kept open in case other assigned tasks within ECEJ become necessary before the FOIA is closed. The FOIA (which is an EPR lead) is due to be completed by 4/21, however, an extension will likely be requested.
